

# Join us at a Leading Electric Power Show

The 10<sup>th</sup> International Exhibition on Electric Power Equipment and Technology

The 9<sup>th</sup> International Exhibition on Electrical Equipment

**October 14 – 16, 2015, Shanghai China**

## Welcome to EP Shanghai 2015!

The U.S. Commercial Service in Shanghai is pleased to invite American companies to participate in the U.S. Pavilion at the **10<sup>th</sup> International Exhibition on Electrical Power Equipment and Technology (EP Shanghai 2015)**. This year's show will be held in conjunction with two other major shows, Electrical Shanghai 2015 and EPA 2015 (Electric Power Automation Equipment and Technology) and ECEP 2015 (Energy Conservation and Environmental Power Technology).

We welcome you to join us at this year's show and promote your American products and services to China's emerging electric power market.

Organized and hosted by the China Electricity Council and State Grid Corporation of China, EP Shanghai 2015 is the only electrical power exhibition that has the support of the key power generation and power grid companies in China. EP China 2014, held in Beijing, showcased over 800 exhibitors from 22 countries or regions and attracted 24,235 visitors. The EP China and EP Shanghai shows have become the largest and most reputable electric power trade shows in China and present an ideal platform for U.S. companies to network with industry leaders and government officials, and to discuss potential opportunities, improvements and technological advancements in China's electric power generation and transmission market. EP Shanghai 2015 will take place from October 14 to 16, 2015 at the Shanghai World Expo Exhibition & Convention Center in Shanghai, China. EP Shanghai 2015 is an excellent vehicle for U.S. firms interested in exploring the opportunities to export their products to China. If you are interested in participating in this year's event, please contact our office or the show organizer for more information.

On behalf of the U.S. Consulate General in Shanghai, we will have a stand set up within USA Pavilion this year to help all U.S. exhibitors promote their products at the show. I welcome you to Shanghai and look forward to working with at EP Shanghai 2015

## Exhibitors at the U.S. Pavilion Receive:

- Fully furnished, standard booths in a prime location
- An additional 10% discount on top of the standard discount given by the organizer
